SHADE TREES

Ash

Ashura (Fraxinus rotundifolia). Each year the popularity of this tree increases remarkably. Of medium size for either street or lawn purposes. Clean growth, no leaf fall, no insect damage during late summer and early autumn. Trunk very straight, covered with grayish white, smooth bark. Foliage a dark green, very glossy. It blooms in tree until earliest freezing weather. First to put out young leaves in spring. Recommended for planting in full shade. A rapid grower and one of the few trees beautiful immediately after planting. Safe for coastal plantings where there are no salt water spray and occasional inundations. In these areas selected this tree, as the universal street tree. 5 to 6 ft. 20¢; 6 to 8 ft. \$1.00.

Catalpa

Binged (Pithecellobium). To make these no bad or small on straight stems the desert variety which makes more short spreading branches and a rounded head without adding to the height. The foliage is very pleasing and the effect obtained when planted in pairs along walks and drives or on lawns is greatly admired. 1 to 4 ft. 1-yr. heads, \$1.00 each; \$2.00 per 10; 5 to 6 ft. 1-yr. heads, \$1.50 each; \$2.00 per 10; 6 to 7 ft. 2-yr. heads, \$2.00 each; \$2.50 per 10; 7 to 8 ft. 3-yr. heads, select, \$2.50 each; \$2.50 per 10.

Hackberry - Celtis

Ovoidifolia. A small bushy tree about north and south and is often overlooked. It is strong growth and has attractive and edible fruits or berries of small size. Excellent for street planting and ideal for lawns. 1 to 4 ft. 20¢; 4 to 6 ft. \$1.00 each.

Silver Maple

A hardy, rapid-growing, beautiful native tree of large size, valuable for producing a quick shade. Its leaves are good sized, rather deeply and irregularly pointed, bright green above and silvery beneath, turning to bright yellow and bronze in the fall. It makes a broad, bushy, but pointed top tree, setting a shading effect. 3 to 4 ft. 20¢; 4 to 6 ft. \$1.00 each; 6 to 8 ft. \$2.00 each; 8 to 10 ft. \$4.00 each; 10 to 12 ft. \$6.00 each.

VINES

CLEMATIS paniculata (Japanese White Clematis). This handsome hardy climber is one of the best and most satisfactory climbing plants. The small, creamy white, star-shaped flowers are delicately fragrant, blooming in late summer in full profusion. 2-year plants, 50¢ each; \$1.00 per 10.

HONEY-SUCKLE. (Holly's Japan). Flowers pure white, changing to yellow, very fragrant, nearly evergreen, hardy and vigorous. 3-yr. and 4-yr. each, \$1.00 each; 5-yr. and 6-yr. each, \$1.50 each.

AMPELOPDS Vitell (Boston Ivy). One of the finest climbers for covering walls, as it clings freely to the smoothest surface, covering it evenly with overlapping leaves which form a perfect blanket of foliage. The leaves turn to brilliant orange and crimson in the fall. Medium, 50¢ each; \$2.00 per 10; 2-yr. transplanted, 50¢ each; \$3.00 per 10.

HEBEA (English Ivy). The Linnaea English Ivy with its familiar green leaves. When you read of old "ivy-mantled towers," it means English Ivy. It clings to stone and grows to great height, covers walls entirely. Fine for the South, but hardy only as a ground cover where there are severe winters with sudden changes. Small plants, 25¢ each; \$2.00 per 10; transplanted, 50¢ each; \$3.00 per 10.

PHLOEDENDRIN. "The Wonder Vine." Also known as Devil's Ivy. We cannot say too much in praise of the value of this vine for use in fern dishes, wall pockets, or any place where anything else will not thrive. It is by far the best plant for use in the home or under-watering, over-watering, or any adverse conditions will little affect it. For fern dishes, plant a sufficient quantity in dish and pin the vine to the wall with greenish pins and it will run at every point and form a compact mass of leaves. In fern dishes leaves will fill a trial and see for yourself. Everywhere the value of English Ivy in the home, yet the Phloedendrin surpasses it by far. 2-yr. each, \$1.00 each; 3-yr. each, \$1.50 each.

QUEEN'S WREATH. A lovely climber from Central Mexico with beautiful rose colored flowers in racemes two feet long. The profusion of flowers is such as to give the resemblance of racemes of flowers. This vine is discovered as the most beautiful climber he has seen. The vines are killed to the ground by frost, but it quickly shows up in the spring, and develops its flowers from June till frost. The each, large, heavy, round, for each.

WISTERIA magnifica (Common Purple Wisteria). An unusual and particularly handsome variety with large, round clusters of large flowers, lavender colored. A sturdy vine of thickening habit, for pergolas, arbors, trellises, etc. Especially ornamental in early summer when they are in full bloom. Their large, drooping clusters of fragrant flowers. Blooms in May 35¢ to 40¢ each.

Poplar

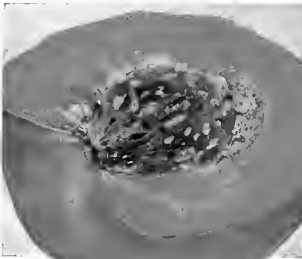

Nigra (Lombardy Poplar). Tall, shaftlike column of a tree that grows quickly like all Poplars, and often reaches an 100 feet in height. The Lombardy Poplar is not for shade, but for ornament, making the effect when planted along drives, ways, and when planted close together the trees make a thick, ever black screen. Transplant starts from the ground up to 6 ft. 20¢; 6 to 8 ft. \$1.00 each; 8 to 10 ft. \$1.50 each; 10 to 12 ft. \$2.00 each.

Willow - Salix

Weeping (S. babingtonii). Weeping Willows have for centuries been symbols of romance. They grow fast and lend themselves nicely to growing at bank grounds for home garden or lawn. Near pools or swimming places, they are perfect. They are at their best, form an artistic point of view, but they thrive in a wide variety of conditions. 1 to 3 ft. 60¢; 3 to 6 ft. 20¢; 6 to 8 ft. \$1.00 each.

Pussy Willow (S. discolor). The earliest spring beauty, making use of the flowers. The popularity of the species in spring and an increasing desire to have seasonal effect in planting make this shrub very desirable. 1 to 2 ft. 50¢ each.

Minuteman Cherry.

Hyacinths

Hyacinths make one of the first bedding plants, both for borders and mass planting. They may also be used as pot plants.

Elmwood, Pure white.
Dr. Fisher, Persian blue.
In Victor, Bright crimson-red.
Veranda, Dark pink.
Month size bulbs, \$4.00 per doz.; bedding size, \$5.00 per doz.; bulbs at 10¢ each through 10¢. No credit and no return.

Cammas

City of Portland, Good deep pink, flowers freely on heart stalks throughout the summer. The each, \$1.00 per doz.

King Humbert, Flowers brilliant red orange-red with bright red markings. Double foliage. The each, \$1.00 per doz.

Yellow King Humbert, 10 to 12 inch flowers, mostly with orange, some yellow. The each, \$1.00 per doz.

Hungary, Beautiful salmon pink, few flowers and pollen, strong green foliage. The each, \$1.00 per doz.

Mrs. Alfred Pound, This is one of the finest pinks in early spring, bearing a most green foliage. The each, \$1.00 per doz.

President, Dark cherry crimson, strong growth and free bloomer, green foliage. The each, \$1.00 per doz.

Peaches

1 Varieties per bush.
Prize, 1 to 2 ft. 20¢ each; 2 to 3 ft. 30¢ each.

Kerry home garden should contain Peaches and other fruit trees.

The leading fruit of the South—planted from either the standpoint of the commercial orchardist, the farmer, or for the home. The Peach yields first. It is the right variety for the orchard. It is the best for the home. It is the best for the orchard. It is the best for the home.

Flowering Shrubs

PHILADELPHUS—Mock Orange. **Abelia** **Grandiflora**. Best evergreen flowering shrub grown of medium height. Thousands of small flowers until frost. 50c, 75c, and \$1.00. Also note on Evergreen List.

Abelia

Grandiflora. Best evergreen flowering shrub grown of medium height. Thousands of small flowers until frost. 50c, 75c, and \$1.00. Also note on Evergreen List.

Althea - Rose of Sharon

One of the hardiest shrubs grown and for single specimens or grouping there is no plant that will give you better results. We grow them in great quantities and in every color plants in assorted colors, white, pink and red-flowering. The plants bloom from early summer until autumn. 50c and 60c.

Buddleia - Butterfly Bush

A shrub not so well known but which stands the heat and drought of summer remarkably well. A strong grower, often attaining a height of 6 to 8 feet. Flowers are dark green and very heavy. Throughout the entire summer flowers of violet-purple with orange throat, very fragrant are borne in long panicles. 50c, 75c and 90c.

New Red-Leaved Japanese Barberry

A Real Novelty in Shrubs. It is only one in a few that is really worth while outstanding novelties in hardy shrubs is introduced, and in this new barberry we have such a plant. Strong, evergreen plants, 50c each, \$2.00 per doz. Heavy, 75c each old plants, 75c each, \$2.50 per doz.

Berberis - Barberry

Thunbergii (Japanese Barberry). This ornamental shrub cannot be praised enough. It is used as specimen plant or for hedges and grows to most any shape. It stands trimming. 15 to 18 in. 35c each; \$3.00 per 10; 18 to 24 in. 50c each; \$5.00 per 10.

Calycanthus - Sweet Shrub

An old fashioned shrub that blossoms intermittently all summer and the flowers are mostly very sweet scented. The glossy green leaves and reddish brown shoots give it a very striking appearance. 2 to 3 ft., 50c each; \$1.00 per 10.

Crepe Myrtle

Few people realize the satisfaction from planting of Crepe Myrtle. When other plants refuse to bloom you can always find the Crepe Myrtle loaded with a mass of flowers. We grow in quantity the pink, crimson and lavender. It is especially attractive for hedging or grouping. 10c and 50c.

Desmodium

Penduliflorum (Raspberries). A fine hardy shrub. The long racemes of small flowers grow usually white but killed. The shrub becomes strong, throwing up more shoots and forming a thick shrub. 3 to 5 feet high, in showy late summer and winter. Being Arch'd branches, long drooping racemes of liquid purple flowers. 25c each. 10c each, \$2.00 per 10.

Deutzia

Pride of Rochester, grows strong and upright 1 to 4 feet high, flowers pure white, tinged with blush. 50c each.

Forsythia - Golden Bell

Upright ornamental early spring flowering shrub. Flowers deep green, flowers appearing later. Foliage is profuse. Large bushes, 50c each.

Flowering Almond

Double White and Double Pink. Early spring flowering shrubs, both in full bloom before the leaves appear, with beautiful double flowers of rose or white, sending forth light in the breeze. 50c and 60c each.

Flowering Peach

A small tree with foliage similar to the peach tree, but the limbs are covered with white flowers similar to miniature roses. 10c to 60c.

Bush Honeysuckle

A fine, handsome, large growing shrub with upright and spreading branches. Foliage bright green, flowers borne freely during May or June, followed by red berries, which cling to the branches for several weeks. A vigorous grower and of easy cultivation. We can furnish this shrub in a beautiful shell-pink variety. 50c and 60c.

Hydrangea

Endicottii (Grandiflora). One of the Hydrangeas. Highly recommended for hedging or planting. The upright racemes of creamy white flowers become pink with age. Requires plenty of water and should be severely pruned to produce large flowers. 50c and 60c.

Japan Quince - Cydonia Japonica

A beautiful shrub for early spring blooming. This produces numerous flowers and bright red, bell-shaped leaves. 50c each, \$2.00 per 10.

Kerria

Japonica. A very desirable shrub of spreading habit. Blooms large, showy flowers in June, attaining a height of 6 to 8 feet. In partial shade. 2 to 3 ft., 15c each, \$1.00 per 10.

Lilac

White and Purple. An upright, attractive shrub, great for shrubbery. It is profuse in blue and purple, and sends flowers in early spring. A favorite in all seasons. 50c each.

Philadelphus - Mock Orange

Early spring flowering shrub with large, white, fragrant flowers in spring. 10c and 50c.

Spiraea Van Houttei

A small tree with foliage similar to the peach tree, but the limbs are covered with white flowers similar to miniature roses. 10c to 60c.

Pomegranate

A large, shrubby small tree which is known for both fruit and flowers. Small shining dark leaves with serrated edges. The flowers are borne in large, round, red fruit which ripen in late summer and fall. 25c per plant, 50c and 60c each.

Pussy Willow - Salix Discolor

A small tree with attractive leaves. 1 inch long by 1/8 inch wide. Its popular name is the "weeping willow" which has been in the East and makes such a beautiful spring. 50c each, \$2.00 per 10.

Pyracantha

Lafayette (Lafayette). A beautiful shrub variety of Evergreen. Foliage dark green, flowers and leaves white. Covered with a profusion of white flowers in early spring. Foliage dark green, berries red. 50c each, \$2.00 per 10.

Russian Olive - Eleagnus Angustifolia

Evergreen. Foliage dark green, flowers and leaves white. Covered with a profusion of white flowers in early spring. Foliage dark green, berries red. 50c each, \$2.00 per 10.

Sambucus - Golden Elder

Fast growing, as hardy, always thought of Elderberries as a fruit tree, and wine. The flowers are small, white, and very fragrant. 50c each, \$2.00 per 10.

Snowball

Well known for large, globe of pure white flowers appear in the spring. 50c each.

Salvia, Hardy

A beautiful shrub of recent introduction. Flowers a beautiful red, very hardy and blooms in early spring and fall. 50c each, \$2.00 per 10.

Santolina - Lavender Cotton

A dwarf, upright perennial with attractive silvery white foliage. Useful as a rock or border plant and also as a hedge. 50c each, \$2.00 per 10.

Spiraea - Spirea

There is truly a Spirea for every place. They are all most in evidence. Shrubs as they vary in size, color and time of blooming. All varieties do better in moist, sunny exposure.

Thunbergii

A small tree with foliage similar to the peach tree, but the limbs are covered with white flowers similar to miniature roses. 10c to 60c.

Thunbergii

A small tree with foliage similar to the peach tree, but the limbs are covered with white flowers similar to miniature roses. 10c to 60c.

Thunbergii

A small tree with foliage similar to the peach tree, but the limbs are covered with white flowers similar to miniature roses. 10c to 60c.

Thunbergii

A small tree with foliage similar to the peach tree, but the limbs are covered with white flowers similar to miniature roses. 10c to 60c.

Thunbergii

A small tree with foliage similar to the peach tree, but the limbs are covered with white flowers similar to miniature roses. 10c to 60c.

Thunbergii

A small tree with foliage similar to the peach tree, but the limbs are covered with white flowers similar to miniature roses. 10c to 60c.

Thunbergii

A small tree with foliage similar to the peach tree, but the limbs are covered with white flowers similar to miniature roses. 10c to 60c.

Thunbergii

A small tree with foliage similar to the peach tree, but the limbs are covered with white flowers similar to miniature roses. 10c to 60c.

Hedge Plants

Privet

Amoor River. Evergreen hedge. A beautiful dense growing plant with dark green foliage. May be kept closely trimmed in formal shapes or allowed to grow naturally in informal manner, when it will produce quantities of fragrant white flowers in long trusses in spring and early summer followed by purplish black seed resembling small grapes. Hedging size, \$5.00 to \$10.00 per 100. Large, sheared specimens, balled and burlapped, 75c to \$3.00 each.

Mahonia

Aquifolia (Oregon Grape). Dense, low, spreading shrub, beautiful holly-like foliage, glossy green, bluish purple and bronze, moderate growth, 3 to 5 feet; exceedingly hardy; blossoms yellow racemes, March to May, followed by blue, grapelike berries. Fine for low shrubberies, mass planting, individual specimens or groups, equally good in shade or sun. 15 to 18 in., \$1.00; 12 to 15 in., 75c.

Nandina

Domestica. The delicate foliage of the Nandina is a brilliant dash of gorgeous orange-red or crimson color in winter. It is dense and stocky, being one of the dwarfish plants of Japanese gardens. The leaves are rich red when young, dark green at maturity, and boldly colored in winter. Nandina thrives well in any well drained, loamy soil, and is fairly hardy. In autumn it is covered with showy clusters of small red berries. This plant is one of the three plants most used in the better class of landscape work. 12 to 15 in. plants, 75c; 18 to 24 in. plants, \$1.00; 2 to 3 ft. plants, \$2.00.

Photinia

Low (P. dentata). Moderately upright; large leaves of dark green with new growth first blood-red, then tan and fawn color and in winter some of the old leaves crimson. Big, bushy plants, 75c, \$1.00 and \$1.50 each.

Wexleaf Ligustrum.

er Privet.

Anthra

Lalandi (Firethorn). An almost evergreen shrub allied to both the Thorns and Cotoneasters. Small, ovate, shiny leaves set thickly on slender branches with numerous short thorns. Small, white flowers in corymbs, replaced in fall by bright orange-red fruit. One of the finest berried small trees. Can be trained for dwarf massing, as a ground cover; and makes a fine, dense, broad hedge to any desired medium height. Balled and burlapped, 1½ to 2 ft., 50c; 2 to 3 ft., 75c; 3 to 4 ft., \$1.00.

Waxleaf Ligustrum

Lucidum compacta. Leaves are very thick and waxy, the upper surface being highly glossed, of black-green color and under side of a lighter shade. Plant is very compact, heavily branched, ideal in form and development. Grows in shade or full sunlight. In any difficult place it will thrive better than any other evergreen or shrub. Grows to be six feet or more, but so wide and compact can be kept at any height or shape desired. Can be sheared like Laurels and Bays and used in tubs with great success. It has large heads of white flowers, followed by black berries. 1-year-old plants, 15 to 18 in. high, 50c; 2-year-old plants, 18 to 24 in. high, \$1.00 each.

Notice

We also maintain one of the most modern greenhouse establishments in the state. We have over 60,000 square feet under glass that is devoted to the growing of cut flowers for all occasions. Also plants for home decoration as well as annual plants for outdoor planting.

We have been serving you for 18 years in your flower requirements, and we are now equipped to render you a nursery service that is second to none. WOERZ BROTHERS.

How to Order

Write plainly and give explicit directions, otherwise we will forward according to our best judgment. All goods travel at purchaser's risk. We assume no responsibility after delivery in good shape to the forwarding companies.

All prices are net, f. o. b. Ardmore, Oklahoma. Packing charge is free. We advise express shipment, as the cost is little more than freight in small lots and stock gets there much quicker. Small, light packages can go via parcel post, postage should accompany parcel post orders. (15% of list price will cover postage).

Free Service

We maintain a landscape department that will gladly assist you in planning your plantings. If you will send us a drawing of your grounds with measurements of distances we will draw you a pencil plan showing the proper arrangements for your shrubs and what varieties to use to obtain the best effects. A picture of your house will greatly help us in selecting the proper stock.

We also have soil testing equipment that we can analyze your soil with. This is very important if you are to have success with your plants, as no matter how good a stock you have or how well you take care of it, it will not do well unless you have the proper nourishment in your soil. This test is FREE to all that buy their plants from us.

Terms

Cash on delivery unless satisfactory arrangements are made at our office previous to delivery. Woerz Brothers, Florists & Nurserymen.

Guarantee

We warrant our stock to be true to name with the explicit understanding that should any prove not true we will gladly replace same upon proper proof. We are not liable in any other way and make no further warranty.
